Dear Parents/Guardians:

This handbook has been compiled to help guide the student and the parent or guardian through the school year. These policies have been established by a committee and have been approved by the Avonworth Board of School Directors. The goal is to establish clear guidelines for a safe environment, in which students can receive a sound education by minimizing unnecessary distractions to the educational process. It is our mutual task to guide students to make responsible decisions. This handbook also has valuable information about attendance, grading, athletics and co-curricular activities, and consequences for behavior.

Common sense is always the best approach to following rules and regulations. At Avonworth, we strive to help all students become responsible thinking citizens. Thinking before speaking or acting can avoid problems. We encourage you to review this handbook with your child and help him or her to make appropriate, responsible choices. After reviewing the Handbook and Discipline Code, you and your child are asked to sign the signature page at the end of the booklet and return it to your child's homeroom teacher. It is very important that you return the form; failure to return it could result in a loss of school privileges for your child.

As always, if you have any questions, please do not hesitate to contact one of us.

Thank you very much for your cooperation.

Sincerely,

Dr. Scott Miller, APC Principal

Dr. William Battistone, AES Principal

Ms. Tommie Murray, APC/AES Asst. Principal

Introduction

Mission Statement

The Avonworth School District empowers students through authentic experiences to become creative, innovative thinkers.

We understand that it is the responsibility of the Avonworth School District to provide an atmosphere that is orderly, promotes safety, and is conducive to learning. We know that it is our responsibility to recognize the individual differences that exist among our students and that we must provide a positive educational experience for all our students.

In pursuit of this goal, we believe in helping all our students to develop and exhibit:

- Courtesy
- Ethics
- Honesty
- Integrity
- Respect
- Responsibility
- Self-Control
- Self-Discipline
- Self-Motivation
- Self-Respect
- Tolerance

We expect students to follow the rules of the school, to comply with state and federal regulations, and to fulfill individual educational requirements while not disrupting the education of others.

To maintain this positive learning environment, each teacher will enforce classroom rules promoting these positive behaviors and will instruct, praise, and reward the students for achieving those positive behaviors. If these positive behaviors are not followed, certain consequences will follow.

Philosophy of Promoting Positive Behavior in Students

The following information is intended to help students, parents and guardians, and community members to understand the approach we take relative to student behavior.

Avonworth School District will provide opportunities to promote in each student the ability for self-direction, self-discipline, and positive decision-making. Students who infringe on the rights of others, or who violate school policies and regulations, will be subject to progressive corrective action.

We understand that a discipline policy alone cannot control student behavior; students must see their

behavior in a larger context than just their own self-gratification. According to Gushee (1984), the goal of a discipline policy is to attempt to prevent and/or control student behavior through communications with school staff and helping students understand the types of behavior that are and are not acceptable in the school setting. Key to the successful implementation of policy is how it is carried out, and its effectiveness is ultimately determined by a “healthy relationship” between students and their school. In each level of education and in each school, all student-related situations are unique, and no single solution solves all discipline problems (Gushee, 1984).

Gaustad (1992) says that any school policy on discipline should address the differences between categories of offenses. Flexibility is necessary when dealing with minor infractions, depending on circumstances, while the consequences set for more serious behaviors should be without variance. While a clearly stated discipline policy is necessary, she notes that “social rewards” can encourage desirable behavior from students. Such rewards include smiling; praising and complimenting students; increasing academic success for low-achievers; and helping students connect with others socially. This helps students to view school as more enjoyable and interesting.

In addition, Gaustad (1992) explains that problem behavior may occur, in part, because students do not know how to act appropriately. She adds that administrators should regard disciplinary referrals as opportunities to teach students valuable social skills that will promote success in future employment as well as in school.

Supports to Promote Positive Behavior

The faculty, staff, administration, and School Board of Directors at Avonworth School District have established the following supports to encourage positive behaviors in students.

Self-Discipline and School Rules: Students are expected to practice self-discipline. This means that each person is responsible for his or her individual behavior. This behavior should be in line with rules and regulations that are established by the Avonworth School District. Common sense should govern students’ behavior at all times. If students are not sure about a rule, they should ask one of the school staff. Students should not act first and then hope that a disruptive action will be overlooked because it is not specifically listed in the handbook. The image of the student body and the school, as an institution, is dependent upon the behavior of each student as an individual.

Classroom Rules: It is the responsibility of the teacher to maintain the proper learning environment. To maintain this environment, it is necessary for the students to follow basic rules, and therefore, to be responsible for their own behaviors and actions. Teachers will set up rules for their classrooms that are consistent with the policies of the Avonworth School District.

Counseling Services: Counseling services are part of the regular educational program for all Avonworth

students. Students are seen either individually or in small groups. Students receiving counseling may be assisted in making decisions, setting goals to improve class performance, and discussing personal or social issues. The counselors work closely with teachers, parents, and other school staff. They may also work with people from other local agencies. The goal of the counseling staff is to make school experiences rewarding and meaningful.

Homework: We believe that homework should be meaningful and grade appropriate and can significantly enhance learning when used as an extension to classroom activities. Homework is expected to be completed as assigned. Any student experiencing difficulty completing homework should request help from the teacher. Repeated failure to complete homework may result in academic or behavioral interventions.

Anti-Bullying Policy: The Avonworth School District believes that all students have the right to a safe and healthy school environment. We promote mutual respect, acceptance, and tolerance, and will not permit behavior that infringes upon these principles. No student shall harass, intimidate, or verbally abuse another student. Hitting, shoving, teasing, name-calling, manipulating, or shunning other students is prohibited. This policy is in effect when a student is at school, en route to or from school, or at any school sponsored event.

Complaints of harassment shall be investigated promptly, and corrective action will be taken when allegations are substantiated. Confidentiality of all parties shall be maintained, consistent with the district's legal and investigative obligations.

Staff and administration will contact and show support to parents/guardians in the event that a student has been hurt either by physical or emotional aggression while in school. Counselors, administrators, teachers and/or other staff members will follow-up as necessary with parents/guardians/students to ensure a level of comfort and a safe environment for students who have been bullied or physically hurt.

Child Study and Student Assistance Program: Students may be referred to Child Study or the Student Assistance Program (SAP) if they experience behavioral difficulties that impede their learning or the learning of others. When appropriate, referrals of a student to Child Study or SAP may result in the Child Study or SAP team assisting the classroom teacher in developing an individualized positive behavior plan.

Communication with Parents/Guardians: Parents/guardians should receive regular contact from teachers for every student relative to positive academic or behavioral occurrences. This correspondence can occur in person, by phone, email or letter.

If a student's grade drops significantly (by two or more letter grades or from a pass to a fail) parents

should be contacted by the teacher in the same manner as above and invited to come in for a conference.

For chronic classroom behavioral issues, prior to any discipline referral advancing to the administrative level, teachers must contact the parent/guardian in person, by phone, email, or letter before sending a written referral to administration.

Administrators will contact parents/guardians prior to any discipline referral resulting in a Saturday detention, in-school suspension, or out-of-school suspension. Contact will be in person, by phone, email, or by letter.

Recognition: Recognition is used to encourage positive behaviors that are being exhibited by students. Every effort is made to recognize and reinforce positive behaviors. In addition to formal awards, this may be done through announcements, bulletin boards, parental notification, certificates, etc.

Progressive Discipline Procedure

The Avonworth School District recognizes the importance of establishing clear policies and consistent disciplinary consequences for violations of District rules. It allows the Avonworth community to build and maintain a positive, safe, and trusting environment in which our students can learn. We expect our students to act as mature, responsible, and considerate citizens, treating each other with dignity and respect.

When a student violates District rules and regulations, the student will be subject to an appropriate form of discipline. The information that follows shows the normal sequence and/or combination of disciplinary actions that will be taken for violation to school rules and regulations. Multiple or repeated infractions will result in the higher level of consequences and/or a different combination of consequences.

Once a referral to the principal has been written, the referral is handled according to the Progressive Discipline Procedure. It is understood that behaviors are developmental in nature, some infractions are more serious than others, and that repeated infractions may warrant stricter consequences. In some cases, the development of an individualized behavior plan may be appropriate. In all cases, consequences are subject to parameters of state and federal law.

If a student violates any policy set forth by the Avonworth Board of School Directors, the teacher, principal or his/her designee is to follow the regulations outlined in the Student Handbook and Discipline Code. The administration of each individual school is given the authority to take appropriate action to ensure compliance with Board policy.

In all cases, the Administration retains the right to use its discretion in evaluating cases.

Student Support Services

Screening and Evaluation

Avonworth School District employs the following procedures for locating, identifying, and evaluating specific needs of school age students requiring special programs and services. These procedures, as required by law, are as follows:

The district, as prescribed by section 1402 of the School Code, routinely conducts screenings of a child's hearing acuity (grades kindergarten-3, 7, and 11); visual acuity (grades kindergarten-12); and speech and language skills (grades kindergarten-12). Gross motor and fine motor skills, academic skills, and social and emotional skills are assessed by teachers and support staff on an ongoing basis. Screening activities include review of group-based data such as cumulative enrollment and health records, report cards, ability, and achievement test scores. Identified needs from these screening sources as well as information obtained from parents/guardians and outside agencies, are assessed, noted within student records, and discussed with parents/guardians. These school records are always open and available to parents/guardians and only to school officials who have a legitimate "need to know" about the child.

Information from records is released to other persons or agencies only with appropriate authorization, which involves written permission by parents/guardians.

If a parent/guardian or the school team feels more comprehensive assessment of a student is necessary, an evaluation may be recommended. Parental consent is required before a comprehensive evaluation may take place. Evaluations may include review of the student's records, classroom observations, gathering of parent/guardian and teacher input, individually administered assessments of achievement and ability, and other assessments as necessary.

After all of the assessments are completed, an Evaluation Report that includes specific recommendations for the types of intervention necessary to deal with the child's specific needs is prepared and shared with parents/guardians. In accordance with state regulations, an Individualized Education Program (IEP) team meeting, with parent/guardian involvement, may be scheduled to develop an appropriate IEP for the student. Parents/Guardians are then notified of the proposed placement and services with a Notice of Recommended Educational Placement (NOREP). Parents/Guardians of students who suspect that their child is exceptional and in need of special education services may request multidisciplinary evaluations of their child through a written request to the building principal or Director of Student Services.

Student Services

All students in the Avonworth School District have access to the following services which address students’ needs throughout their district enrollment: school counseling, psychological services, health services, home and school visitor services, and social work services to support students in addressing academic, behavioral, health, personal, career and social development issues.

Services for School Age Exceptional Children:

Avonworth School District provides a free, appropriate, public education to exceptional students according to state and federal mandates. To be eligible, the child must be of school age, need specially designed instruction, and meet eligibility criteria for mentally, gifted and/or one or more of the following physical or mental disabilities as set forth in the Pennsylvania State Standards:

- Autism
- Deaf-blindness
- Deafness
- Developmental
- Intellectual
- Multiple disabilities
- Orthopedic impairment
- Other health impairment
- Specific learning disability
- Traumatic brain injury
- Emotional disturbance
- Speech or language impairment
- Hearing impairment
- Visual impairment

Services designed to meet the needs of eligible students include: annual development of an IEP, multidisciplinary re-evaluation, supportive intervention in the regular class, supplemental intervention in the regular class or in a special education resource program, and placement in a part-time or full-time special education class outside of the regular school. The extent of special education services and the location of the delivery of such services are determined by the parents/guardians and staff at the IEP team meeting and are based on the student’s identified needs and abilities, chronological age, and level of intensity of the specified intervention.

The school district also provides related services such as transportation, physical therapy, and occupational therapy that are required to enable the student to derive educational benefits. Prior to the initiation of services parents/guardians are presented a “Notice of Recommended Educational Placement” (NOREP) with which they may agree or disagree. If parents/guardians disagree with the program being recommended, they have the right to request a pre-hearing conference, mediation, and/or due process hearing.

Independent Educational Evaluations:

Parents/guardians have the right to an Independent Educational Evaluation (IEE) at public expense if there is disagreement with an evaluation obtained by a District (34 CFR 300.503). However, the district may initiate a due process hearing to show that its evaluation is appropriate. If the final decision is that the evaluation is appropriate, parents/guardians still have the right to an IEE, but not at public expense.

Admission of Service Animals to Schools:

A student or an employee with a disability may submit a request to bring a service animal to school for educational or employment purposes. However, there is no automatic right to be accompanied by a service animal in the school setting.

Parents/Guardians of students with disabilities who believe the student needs to bring a service animal to school in order to receive a free and appropriate public education, shall notify the building principal or the Section 504 or IEP team. The appropriate team shall evaluate the request to use the service animal in school, gather necessary information and determine whether the student requires the service animal during the school day or at school activities. Any service animal accompanying a student with a disability to school or school activities shall be handled and cared for in a manner detailed in the student's IEP or Section 504 Service Agreement.

Services for Students in Nonpublic Schools:

Public special education is accessible to resident students attending nonpublic schools by permitting the nonpublic school student to enroll on a part-time basis in a special education program operated in a public school. Special education programs are accessible to nonpublic school students through a dual enrollment following multidisciplinary evaluations and development of an IEP. Parents/guardians of nonpublic school students who suspect that their child is exceptional and in need of special education may request multidisciplinary evaluations and development of an IEP. Parents/Guardians of nonpublic school students who suspect that their child is exceptional and in need of special education may request multidisciplinary evaluations of their child through a written request to the Director of Student Services.

Services for Protected Handicapped Students/504 Plans:

Avonworth School District will provide to each protected handicapped student, without discrimination or cost to the student or family, those related aides, services, or accommodations, which are needed to provide equal opportunity to participate in and obtain the benefits of the school programs and extracurricular activities to the extent appropriate to the student's abilities. To qualify as a protected handicapped student, the child must be of school age with a physical or mental disability, which substantially limits or prohibits participation in, or access to, an aspect of the school program. Services and protections for protected handicapped students are different from those applicable to all eligible students enrolled in special education programs. Additional information about the evaluation procedures and provision of services to protected handicapped students are available by contacting the Director of Student Services.

English as a Second Language Instruction:

When registering their students at Avonworth, all parents/guardians will be required to fill out a Home Language Survey. Based upon the responses to this survey, those children who qualify will be referred

for an “English Language Learner Assessment”. The results of this assessment will determine if a student requires English as a Second Language instruction. Parents/guardians may not opt their children out of English language learner assessment or ESL instructions if found to be eligible.

Homeless Children:

Federal guidelines, as set forth in the No Child Left Behind Act of 2001, require that the local school identify children who are experiencing homelessness. The federal mandate, and the intention of the Avonworth School District is to ensure that homeless children and youth have access to free appropriate public education on an equal basis with other children. Children who are experiencing homelessness, including those living with others in emergency situations, may qualify for assistance with transportation, school lunch, tutoring, so that they can remain in their school of origin. If you believe your child(ren) may qualify for these services, please contact the principal of your child(ren)’s school. You may also contact Jessica Taylor, Director of Student Services at (412)369-8738 ext. 1901.

Gifted Services

Determining Gifted Eligibility:

Mentally gifted is defined as “outstanding intellectual and creative ability, the development of which requires specially designed programs or support services, or both, not ordinarily provided in the regular education program.” A child may be eligible for gifted education if he/she:

- Is a year or more above grade achievement level for the normal age group in one or more subjects.
- Demonstrates an observed or measured rate of mastering new academic content or skills that reflect gifted ability.
- Demonstrates achievement, performance, or expertise in one or more academic areas.
- Shows early and measured use of high-level thinking skills, academic creativity, leadership skills, intense academic interest areas, communication skills, foreign language aptitude, or technology expertise.
- Has documented, observed, validates, or assessed evidence that intervening factors are masking gifted ability.

Screening and Evaluation:

The term mentally gifted includes a person who has an IQ of 130 or higher and other factors that indicate gifted ability. Gifted ability cannot be based on IQ score alone. If the IQ score is lower than 130, a child may be admitted to gifted programs when other conditions strongly indicate gifted ability. The other factors to be considered may include: achievement test scores that are a year or more above level; observed or measured acquisition/retention rates that reflect gifted ability, achievement, performance, of expertise in one or more academic areas that demonstrates a high level of accomplishment; higher level thinking skills and; documented evidence that intervening factors are

masking gifted ability.

The Gifted Multidisciplinary Evaluation (GMDE):

A Gifted Multidisciplinary evaluation is a process to gather the information that will be used to find out if a child qualifies for gifted education and, if so, the types of programs and services needed. Part of this process includes an evaluation by a certified school psychologist.

A child may be referred for the first GMDE in several ways:

- Parents may request the school to give their child a GMDE at any time, but there is a limit of one request per year.
- A child's teacher may also ask to have a child evaluated.

The Gifted Written Report (GWR):

A multidisciplinary team reviews all materials and prepares a GWR that recommends whether a child is gifted and needs specially designed instruction. As a member of the GMDT, a parent may present written information for consideration. The GWR must include the reasons for the recommendations and list the names and positions of everyone who was part of the team. The entire GMDT process must be completed within 60 calendar days, excluding summer vacation, from the date the school district receives the parent's written permission on the Permission to Evaluate form.

The Gifted Individualized Education Program (GIEP):

If the GIEP team decides the student is gifted and in need of gifted education, the team writes the GIEP at the meeting. The GIEP is based on the unique needs of the gifted student and enables the gifted student to participate in acceleration or enrichment programs, or both, as appropriate, and to receive services according to the student's intellectual and academic abilities and needs.

Notice of Recommended Assignment:

Upon completion of the GIEP, the parent will receive a NORA and a Notice of Parental Rights for Gifted Children. The NORA will indicate the educational placement for the student and requires parent approval before the school district will begin implementation. The Notice of Parental Rights for Gifted Children describes your rights and the procedures that safeguard your rights.

Parent Rights:

At all times, a parent has certain rights with all gifted education services received by their child:

- The right to be notified about a child's program and progress and any changes that take place;
- The right to approve or reject programs and testing;
- The right to privacy

Services for Preschool Age Children:

Act 212, the Early Intervention System Act, entitles all preschool age children with disabilities to appropriate early intervention services. Young children experiencing developmental delays or physical or mental disabilities are eligible for early interventions services. The Pennsylvania Department of Welfare is responsible for providing services to infants and toddlers, defined as children from birth through two years of age. For additional

information, please contact the Early Learning Institute, 2500 Baldwick Road, Pittsburgh, PA 15205, or call (412)

837-1502. The Pennsylvania Department of Education is responsible for providing services to preschool age children from age three through five. For additional information contact Project DART, Allegheny Intermediate Unit, 475 East Waterfront Drive, Homestead, PA 15120, or call (412) 394-5816.

Parents' Rights: Directory Information & FERPA Notification

The Avonworth School District is required each year to provide you with notice of your rights with respect to your child's educational records. The purpose is to advise you of the types of information that may be disclosed to the public throughout the course of the school year. Furthermore, this letter advises you of your right to review your child's educational records pursuant to the Family Educational Rights and Privacy Act. Should you have any questions regarding the information contained herein, please feel free to call the office.

Directory Information:

During the course of the school year, information relating to Avonworth students may be disclosed to individuals and/or the media. For example, individual and/or group interviews, photographs or videos of the students may be taken for use by the District in various publications, or for use in local newspapers. This publicity provides the community with information about various school programs and achievements.

The District may also disclose additional directory information relating to students for various reasons throughout the school year without prior parental consent. "Directory information" means information contained in an education record of a student which would not generally be considered harmful or an invasion of privacy if disclosed. It includes, but is not limited to the student's name, address, telephone listing, date and place of birth, major field of study, participation in officially recognized activities and sports, weight and height of members of athletic teams, dates of attendance, degree and awards received, and the most recent previous educational agency or institution attended. Interviews, photographs and videos, as described above, are also considered to be directory information. (34 CFR §99.3). Directory information does not include disciplinary information, medical records, evaluation records, grades, special education records or other information which would be considered private in nature.

You have the right to refuse to let the District release directory information pertaining to your child. If

you refuse to permit the District to release any or all directory information pertaining to your child, your objection must be in writing. Telephone calls or voice messages will not be sufficient. Should you desire to exercise this right, please write a letter indicating your objection to your school's office within 14 calendar days of the date of this notification. If you do not provide other written objections, directory information as identified above may be released.

FERPA Notification-Confidentiality of Student Records:

The Family Educational Rights and Privacy Act (FERPA) affords parents and students over 18 years of age ("eligible students") certain rights with respect to the student's education records. These rights are:

(1) The right to inspect and review the student's education records within 45 days of the day the Avonworth receives a request for access. Parents of eligible students should submit to the building principal, or appropriate Avonworth official, a written request that identifies the record(s) they wish to inspect. The School official will make arrangements for access and notify the parent or eligible student of the time and place where the records may be inspected.

(2) The right to request the amendment of the student's education records that the parent or eligible student believes are inaccurate, misleading, or otherwise in violation of the student's privacy rights under FERPA. Parents or eligible students who wish to ask the Avonworth to amend a record should write the school principal, or appropriate school official, clearly identify the part of the record they want changed, and specify why it should be changed. If Avonworth decides not to amend the record as requested by the parent or eligible student, the school will notify the parent or eligible student of the decision and advise them of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing.

(3) The right to privacy of personally identifiable information in the student's education records, except to the extent that FERPA authorizes disclosure without consent. One exception, which permits disclosure without consent, is disclosure to school officials with legitimate educational interests. A school official is a person employed by the School as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel); a person serving on the School Board; a person or company with whom the School has outsourced services or functions it would otherwise use its own employees to perform (such as an attorney, auditor, medical consultant, or therapist); a parent or student serving on an official committee, such as a disciplinary or grievance committee; or a parent, student, or other volunteer assisting another school official in performing his or her tasks. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility. Upon request, the Avonworth School District discloses education records without consent to officials of another school district in which a student seeks or intends to enroll, or is already enrolled if the disclosure is for purposes of the student's enrollment or transfer.

(4) The right to file a complaint with the U.S. Department of Education concerning alleged failures by the School to comply with the requirements of FERPA. The name and address of the Office that administers FERPA are:

Family Policy Compliance Office
U.S. Department of Education
400 Maryland Avenue, SW Washington, DC 20202-8520

Discipline

Discipline is a necessary part of any educational system. Avonworth Primary and Avonworth Elementary School are committed to providing a safe learning environment for all our pupils. No student will be allowed to disrupt the learning process or limit the opportunity of others. Students may not fight, steal, use profanity, or in any way endanger the welfare of their classmates while in school, on our buses, or when coming to or going home from school. Any of the listed infractions will result in disciplinary action.

Our elementary discipline system is based upon a **progressive discipline** approach – each succeeding offense/infraction will result in a more severe consequence. The purpose of this approach is rehabilitation and the development of self-control and self-motivation. All discipline decisions will be based on what is best for the child, as an individual, and the impact of the actions on the good of the school. Discipline penalties and consequences will be fair and consistent based upon the age level and behavior record of the pupil. Any questions or concerns as to our discipline system and its applications may be addressed to the building principal.

Classroom Rules

It is the responsibility of the teacher to maintain the proper classroom environment consistent with district policy.

Minimum Primary and Elementary School classroom expectations are:

- Respect yourself
- Respect others
- Respect your school

Violations of rules may result in office referrals. Office referrals may result in a written warning, phone call to parent, documentation in the student's file, detention, suspension, etc. A behavior form will

accompany or follow any student who is sent to the office. This form will indicate why the student was sent to the office and the course of action taken by the administration. Continual refusal to follow school rules can lead to expulsion.

Intervention Procedure

Disruption to the learning environment may result in removal of the student from the situation.

Progressive Disciplinary Consequences

It is the responsibility of the Avonworth Primary and Avonworth Elementary School Staffs to maintain a positive learning environment. To maintain the environment, it is necessary for the students to follow basic school and classroom rules. Each teacher will be responsible for the promotion of those positive behaviors and will always first implement corrective strategies within the learning environment. If at any time a student becomes disruptive to the educational process of others, that student may be removed from the situation and a time-out will be implemented. If disruptive behaviors continue, students can be referred to the principal, and the Progressive Discipline Procedure will be implemented at the administrative level.

Administrative Intervention Step 1: The teacher contacts parent (call or email) and Principal conferences with student.

Administrative Intervention Step 2: The Principal contacts parent (call or email) and conferences with the student.

Administrative Intervention Step 3: The Principal notifies parent of a meeting with the principal and other involved staff members, including the counselor. Consequences may include, but are not limited to:

- Lunch/recess detention
- Loss of privileges (i.e. activities/assemblies)
- Possible referral to Response to Intervention Team
- Out-of-School Suspension

In 2018 Avonworth Middle School was redesignated as a prestigious Don Eichhorn Schools to Watch for the third time. High performing Schools to Watch middle schools embody academic excellence, developmental responsiveness, social equity, and organizational structure.

Avonworth High School students benefit from personalized attention while choosing from a wide array of educational and self-development opportunities. High expectations and individual support prepare graduates to pursue their goals beyond Avonworth and regularly excel in their chosen fields.

Secondary level staff members have been trained in developmental responsiveness and social equity, and the academic focus is based upon rigor and differentiating instruction to meet varying needs of students. The school is structured to help all students be successful academically, socially, and behaviorally.

Progressive Discipline Consequences

Descriptions include examples of infractions and consequences, but are not limited to those listed. In all cases, the Administration retains the right to use its discretion in evaluating cases.

Level 1: Verbal or written warning; teacher conference; parent contact; lunch detention (middle school); after school detention. Most infractions at this level will be handled by a teacher. If a referral to administration is needed, teachers should first contact the student's parent/guardian and then fill out a disciplinary action form.

Level 2: Saturday detention; partial day in-school suspension; loss of privileges

Level 3: In-school suspension (partial, full, or multiple days), loss of privileges

Level 4: Out of school suspension; loss of privileges; administrative referral to school board (for possible expulsion); charges filed if appropriate, building level hearing

Parental notification is mandatory for each occurrence at Levels 1, 2, 3, and 4.

Exclusion from co-curricular and athletic activities is mandatory for Level 3 and 4 offenses and may be appropriate at other levels as well.

Any time a student is assigned a level 3 or 4 consequence, additional interventions may occur. These may include, but are not limited to:

- Regular meetings with school counselor
- Referral to the Student Assistance Program
- Contact law enforcement authorities
- Meeting with parents

After-School Detention:

After school detention may be assigned by the teacher or principal for minor behavior infractions. Twenty-four-hour notice will be given to the student. Failure to serve assigned detentions will result in the following penalties:

1. Students in Middle School and High School will be assigned a Saturday detention. Students in Elementary School will receive further disciplinary action. In addition, the initial detention(s) assigned and unattended will be rescheduled. Subsequent suspensions will be assigned for not serving detentions.
2. Students will be placed on the restriction list at the principal's discretion until their detentions are served. Once the detention is served the student will be removed from the restriction list.

Saturday Detention:

(Middle and High Schools Only)

Saturday detention will be held from 8:30 am until 11:30 am Saturday mornings. The room will be announced.

Students must arrive on time. Students will not be admitted into detention after 8:30 am and must make up the detention and serve an additional Saturday detention.

Students must bring educational materials and use time wisely. Students are not permitted to sleep or eat food. Disruptive students will be directed to leave the detention room and must make up the detention. Further disciplinary action will result.

No radios, ipods, electronic devices, etc. are permitted in detention except at the discretion of the detention supervisor.

The detention supervisor may establish additional rules. Students who fail to serve a Saturday detention without previous notification from a parent will be assigned an additional Saturday

detention.

In-School Suspension:

Students who are assigned in school suspension will sit in a designated area during the school day and be supervised by a staff member. They will be expected to complete work given to them by their teachers and any are not permitted to participate in any after-school activities during their suspension.

Out-of-School Suspension:

Students who are on suspension are not permitted on school property during suspension. Students are responsible for the work that they miss and must be prepared to participate in their classes upon their return to school.

Descriptions below include examples of infractions and consequences, but are not limited to those listed. Administration reserves the right to modify the discipline steps when appropriate.

Policies & Definitions

Access to Students

Under the Family Educational Rights and Privacy Act (FERPA), an LEA must provide notice to parents of the types of student information that it releases publicly. This type of student information, commonly referred to as “directory information,” includes such items as names, addresses, and telephone numbers and is information generally not considered harmful or an invasion of privacy if disclosed. The notice must include an explanation of a parent’s right to request that the information not be disclosed without prior written consent.

Additionally, § 9528 requires that parents be notified that the school routinely discloses names, addresses, and telephone numbers to military recruiters upon request, subject to a parent’s request not to disclose such information without written consent. A single notice provided through a mailing, student handbook, or other method that is reasonably calculated to inform parents of the above information is sufficient to satisfy the parental notification requirements of both FERPA and § 9528. The notification must advise the parent of how to opt out of the public, nonconsensual disclosure of directory information and the method and timeline within which to do so.

A secondary school student or the parent of the student may request that the student's name, address, and telephone listing described in the preceding paragraph be excluded from the list and not be released without prior written parental consent. The local educational agency shall notify the students and parents of the option to make such a written request at least 21 days prior to compilation of the list, and shall comply with any request.

Same Access to Students

Each local educational agency receiving assistance under the *Every Student Succeeds Act (ESSA)*, signed by President Obama on December 10, 2015, shall provide military recruiters the same access to secondary school students as is provided generally to post-secondary educational institutions or to prospective employers of those students.

Student directory information will be used specifically for armed services recruiting purposes and for informing young people of scholarship opportunities.

Alcohol and Drug Policy

The Avonworth Board of School Directors recognizes the abuse of alcohol and/or chemical substances as a serious problem with legal, physical, emotional and social implications for the whole school community and adopts the position that a student must be free of illegal and harmful substances.

These substances include, but are not limited to beer, wine, liquor, any other alcoholic beverages, anabolic steroids, marijuana, hashish, narcotic drugs, hallucinogenic drugs, opioids, chemical solvents,

look alike substances and any capsules or pills not registered with the nurse and/or given in accordance with school district policy.

The District's policy is to prevent and prohibit the possession, use and/or mimic of use, sale and/or mimic of sale, distribution of any illegal or controlled mind-altering chemical medication or chemical substance not approved by the health office, on school property, at school-sponsored events or functions including athletic events (even at another school), on school buses, en route to and from school by any mode of travel. This policy applies anywhere that students are under the jurisdiction of the school district. If a violation occurs at a school event, the student involved may be prohibited from attending any extracurricular or co-curricular school activities to include, but not limited to clubs, sports, tutoring and theater production and rehearsals, for a specified amount of time, determined by building principal.

In the event of any violation of this policy, the District Resource Officer will be notified, as well as police from the Municipality in which the school event takes place. Charges may be filed on any student involved in the violation. During an investigation, students will be asked to complete a written student statement. This statement will be requested by District Administration and/or the Resource Officer/police. The student/parent/guardian will receive written notice (by regular mail, electronic mail and/or hand delivery) of the suspension and the scheduling of an informal hearing.

Possession/Use/Under the Influence First Offense:

A student possessing, using, consuming, or under the influence of alcohol or controlled substance(s) shall be initially suspended by the building Principal or Administrator on site for a period of not less than three (3) school days and not more than ten (10) days. If a suspension, either by way of initial imposition or extension, exceeds three days, an informal hearing will be held with the building Principal, the student, and the student's parents within five (5) days of the suspension. At the informal hearing, consideration will be given to the nature of the offense and any mitigating or compounding circumstances, including other contemporaneous violations by the student of District policy and the Pennsylvania School Code, a student's prior disciplinary record, and a student's defiance and lack of cooperation through an investigation. Following the informal hearing, a suspension may be extended by the building Principal but not to exceed a total of ten (10) school days. Also, in addition to the mandated minimum requirements applicable for a 1st offense violation, the student may be recommended to the Administration and School Board for other further discipline, including expulsion.

Mandated minimum requirements of student for 1st Offense violation:

1. Drug & Alcohol Evaluation at accredited organization; at cost of student and/or family.
2. Educational Teen Outreach Program (or other consistent program approved by District Administration); at cost of student and/or family.
3. Referral to the HS Student Assistance Program Team
4. Community Service - minimum *24 hours*
 - a. Community Service may begin to be served following the Informal Hearing.

- b. Community Service must be approved by building Principal, but will occur off school grounds.
 - c. Community Service must be served and confirmed by the building Principal *PRIOR TO* returning to or beginning any extracurricular or co-curricular school activities to include, but not limited to clubs, sports, tutoring and theater production and rehearsals.
 - d. Although a building Principal may recommend options, it is the responsibility of the student and/or family to find or identify a community service option acceptable to the Building Principal.
5. A transition team meeting will occur prior to the student's return from suspension and participation in any extracurricular or co-curricular school activities to include, but not limited to clubs, sports, tutoring and theater production and rehearsal.

Academic work will be completed for credit while suspended, but students must coordinate that work with teachers. Students may not be on school grounds during the suspension [see Suspension procedures]. Exclusion from all school activities is a condition of suspension.

The above mandated minimum requirements for a 1st offense violation of the drug and alcohol policy do not limit or preclude the imposition of further discipline. As stated above, other contemporaneous violations by the student of District policy and the Pennsylvania School Code, a student's prior disciplinary record, and a student's defiance and lack of cooperation through an investigation may lead to further disciplinary actions, including expulsion.

Subsequent Drug & Alcohol Offenses:

If a student violates the drug and alcohol policy more than once, the student will be suspended for 10 days and an informal hearing will be held with the building Principal, the student, and the student's parents within five (5) days of the suspension. The student will be recommended for expulsion to the School Board.

Distribution:

In the case of drugs and alcohol distributed through sale, exchange or other consideration, a recommendation will be made to the School Board for possible expulsion. If a student is apprehended distributing drugs or alcohol at school or at a school-sponsored event, without a sale, exchange or other consideration, the process and discipline relating to a student possessing, using, consuming, or under the influence of alcohol or controlled substance(s) will apply, as set above, with such distribution being an additional factor as to the scope of disciplinary action.

Assemblies

Assemblies are called periodically as part of the academic program offered at Avonworth. All students are expected to adhere to the same District rules as defined in this handbook. Additionally, students will be expected to:

1. Stand when requested by the faculty or administration to show respect for the speakers.

2. Be quiet, courteous and respectful.
3. Sit appropriately, keeping feet off the chairs and away from the aisles.
4. Refrain from eating or drinking anything during this time.

Disruptive students will be removed by the administration or faculty and are subject to further disciplinary action.

Asthma Inhalers/Epinephrine Auto- Injectors

Students may possess and self-administer asthma inhalers and epinephrine auto-injectors in compliance with state law and board policy # 210.1. Written requests for such medications from the parent/guardian and the licensed medical personnel are required to be submitted annually to the nurse's office.

Bus Policy

1. All school rules apply on school district transportation. The bus driver is in charge and his/her directives must be followed. Students are expected to be courteous, cooperative, and punctual. Infractions may result in disciplinary action by school administration, including suspension from riding the bus.
2. All students must ride the assigned bus. Permission to ride a different bus must be obtained through the administration beginning with a written parent note, which must be approved by the main office.
3. Parents/guardians are liable for damages done by students to school property or bus property.
4. If a bus arrives late to school due to inclement weather or emergency, all students on that bus should report to the attendance office.
5. Students are not to extend heads or arms from the bus windows or doors or to throw objects from the bus.
6. Charges will be filed with the District Magistrate for any damages done by a student.
7. Kindergarten students must have a parent/guardian waiting at the bus stop to escort the child home. If no parent/guardian is at the stop to meet the child, he/she will not be permitted to exit the bus. The bus will return the student to the Primary Center.
8. The School Board of Directors authorizes the use of video and audio recording on school buses and school vehicles.

Discrimination, Intimidation, Bullying, or Harassment

The Board declares it to be the policy of this district to provide an equal opportunity for all students to achieve their maximum potential through the programs and activities offered in the schools regardless of race, color, age, creed, religion, gender, sexual orientation, ancestry, national origin or handicap/disability. According to Board Policy #248 there will be no physical/verbal intimidation or racial/ethnic discrimination or harassment against any Avonworth student or staff. Students who violate this policy will be immediately suspended, out of school. A building level hearing will be scheduled within three (3) days by the Administration. The local police department will be contacted

and charges will be filed. Referral to the Board of Education for possible expulsion will also take place.

Complaints of harassment shall be investigated promptly, and corrective action will be taken when allegations are substantiated. Confidentiality of all parties shall be maintained, consistent with the district's legal and investigative obligations. Staff and administration will contact and show support to parents/guardians in the event that a student has been hurt either by physical or emotional aggression while in school.

Counselors, administrators, teachers and/or other staff members will follow-up as necessary with parents/guardians/students to ensure a level of comfort and a safe environment for students who have been bullied or physically hurt.

"Bullying" shall mean an intentional electronic, written, verbal or physical act, or a series of acts directed at another student or students; Which occurs in a school setting; That is severe, persistent or pervasive; and that has the effect of doing any of the following: Substantially interfering with a student's education; Creating a threatening environment; or Substantially disrupting the orderly operation of the school.

School setting shall mean in the school, on school grounds, in school vehicles, at a designated bus stop or at any activity sponsored, supervised or sanctioned by the school.

Students could face discipline if acts that occur outside a school setting are directed at another student or students, are severe, persistent and pervasive, or have the effect of substantially interfering with a student's education, creating a threatening environment or substantially disrupting the orderly operation of the school.

Tobacco and Smoking Policy (PA Act 145 of 1996)

Smoking and use of tobacco products (including chewing tobacco, pipes, cigars, lighters, vaping mods/pens, e-cigarettes, Juuls, vaping oils/liquids/juice, vaping pods, and chargers) will not be permitted in any indoor or outdoor school area, stadium and field areas, any areas within sight of school property during the time to and from school, and other school district property including busses.

Per Pennsylvania Act 145 of 1996, smoking and all other uses of tobacco by students will not be permitted during any school-sponsored game or practice taking place on or off school property. This policy shall apply to all users of school district facilities.

Once Administration has determined that a student has used or is in possession of an item in violation of this policy, the prohibited items will be confiscated and given to the School Resource officer. As some of these items can be a means to use illegal substances, the School Resource officer may test the confiscated item(s) for the presence of such a substance. If such a substance is detected, then the Drug & Alcohol Policy (SB Policy 227) will apply.

If no illegal substance is indicated, then the following consequences will apply:

First Offense: One day out of school suspension and mandatory attendance at Smokeless Saturday (sponsored by the American Lung Association) assigned at cost of the student. If students fail to attend then a citation is filed with District Magistrate (to include fine and court costs) and Saturday Detention or In School Suspension.

Second Offense: Citation, 3 days out of school suspension and a referral to Student Assistance Program

Third Offense: Citation and Citation and immediate 3 day out of school suspension and an informal hearing will be held with the building Principal, the student, and the student's parents within five (5) days of the suspension. At the informal hearing, consideration will be given to the nature of the offense and any mitigating or compounding circumstances, including other contemporaneous violations by the student of District policy and the Pennsylvania School Code, a student's prior disciplinary record, and a student's defiance and lack of cooperation through an investigation. Following the informal hearing, a suspension may be extended by the building Principal but not to exceed a total of ten (5) school days.

Fourth and Subsequent Offenses : Citation and immediate 3 day out of school suspension and an informal hearing will be held with the building Principal, the student, and the student's parents within five (5) days of the suspension. At the informal hearing, consideration will be given to the nature of the offense and any mitigating or compounding circumstances, including other contemporaneous violations by the student of District policy and the Pennsylvania School Code, a student's prior disciplinary record, and a student's defiance and lack of cooperation through an investigation. Following the informal hearing, a suspension may be extended by the building Principal but not to exceed a total of ten (10) school days. The student may be recommended to the Administration and School Board for other further discipline, including expulsion or alternative placement.

Vandalism (PA Act 26 of 1995)

Students who willfully or carelessly damage school property (books, equipment, lockers, school buses) will be assessed the cost of the repair. Act 26 of 1995 lists vandalism as an infraction that must be reported to the state, outlines reporting to the state of monetary damages to school property, and lists sanctions the district can set for vandalism. Suspension will be issued, and will be determined by the severity of the damage caused. School records will be withheld until all debts resulting from damage or destruction are paid.

Weapons Policy (PA Act 26 of 1995)

No person shall possess, handle or transmit any knife, cutting instrument or tool, brass or metal knuckles, cane, machete, firearm, shotgun, rifle, B.B. or pellet gun, look-alike gun, chemical agent, explosive device, and/or other tool, instrument or implement capable of inflicting serious bodily injury in any school building, on any school premises, or on any school bus, on or off of the school grounds at any school activity, event or function.

Any person discovered to have any weapon or other item in violation of this policy in his/her possession (including locker or car) or threatens to use a weapon on another person shall not be permitted to remain in any school building, or on any school bus, or at any school activity, event or function. Where any person violates this policy, the police department of the appropriate jurisdiction shall be notified.

The school district shall expel for a period of not less than one (1) calendar year any student who violates this weapons policy. This is mandated under Pennsylvania Act 26 of 1995. Such expulsion shall be given in conformance with formal due process proceedings required by law.

Act 26 also requires schools to maintain records on acts of violence and weapon possession and must forward student discipline records should a student transfer to another school.

Any violation of Act 26 results in an initial consequence of exclusion from school.

Wellness Policy #246

Avonworth School District recognized that student wellness and proper nutrition are related to students' physical well-being, growth, development, and readiness to learn in accordance with federal and state laws.

Student Acceptable Use Policy: Access & Use of District Technology Systems

Policy:

The use of technology for purposes other than those defined by the policies and programs of the Avonworth School District (ASD) is prohibited. Adherence to copyright laws and licensing agreements is required at all times.

These prohibitions and requirements apply to technology related systems which may be internal or external to the school district, but which clearly exist within the District's legal jurisdiction.

Unauthorized accessing, copying, altering, damaging and/or destroying of any technology by students, employees or others will result in an appropriate response by District officials. Such a response may include warnings, loss of computer privileges, disciplinary and/or legal action.

Definition:

Technology is the hardware, networks, software, data/information, documentation or any combination of these or other components, which constitute the data processing systems of the ASD.

Guidelines:

The administration is authorized and directed to develop programs, guidelines and rules which:

1. Publicize in District handbooks, manuals and publications, the District's policy on access and the use of technology by students, employees, parents and the community.
2. Alert students, employees and other users of District technology to the consequences of misuse of technology.
3. Include in appropriate student course descriptions instruction regarding the legal and ethical use of technology.
4. Include in appropriate staff development programs instruction regarding the legal and ethical use of technology.

Application for Account & Terms & Conditions; for Computer, Network & Internet Use:

Please read the following carefully before signing the Acceptable Use Policy. *Your account will be activated within 2 days of the return of this application. Your username and password may be retrieved from the main office of your school.*

High Speed Internet access is available to students and staff at the ASD. The goal in providing this service to staff and students is to promote educational excellence via online resource sharing, innovation, and communication.

With access to computers and people all over the world also comes the availability of material that may not be considered to be of educational value in the context of the school setting. ASD has taken available precautions in conjunction with the Allegheny Intermediate Unit (AIU), to restrict access to inappropriate materials. However, on a global network it is impossible to control all materials and an industrious user may discover this inappropriate information. ASD firmly believes that the valuable information and interaction available on this worldwide network far outweighs the possibility that users may procure material that is not consistent with our educational goals.

Terms and Conditions:

1) *Acceptable Use* - The purpose of the Internet is to support research and education in and among academic institutions in the U.S. by providing access to unique resources and the opportunity for collaborative work. The use of the Internet resources may not be used in violation of any U.S., state or local regulation. The Internet resources may not be used to upload, view, download, or distribute pornographic, obscene, sexually explicit, or threatening material. The Internet resources may not be used to infringe on copyright or to plagiarize materials.

2) *Proper Network Etiquette* - You are expected to abide by the generally accepted rules of network etiquette. These include (but are not limited to) the following:

- Be polite. Do not write or send abusive messages to others. Use appropriate language. Do not swear, use vulgarities, or any other inappropriate language. Do not distribute offensive, pornographic, obscene or sexually explicit materials.
- Do not reveal your full name, personal address or phone numbers or that of other students and colleagues.
- Note that electronic mail (e-mail) is provided for students for educational purposes only. E-mail and electronic forms are not guaranteed to be private. Messages relating to or in support of illegal activities may be reported to the authorities.
- Do not use the network in such a way that you would disrupt the use of the network by other users.

3) *Students will not respond to unsolicited online contact.*

4) *Security* - Security on any computer system is a high priority, especially when the system involves many users. If you feel you can identify a security problem during Internet access, you must notify a system administrator. Do not demonstrate the problem to other users. Do not use another individual's accounts. Do not give your password to any other individual. Attempts to log in to the system as any other user will result in disciplinary consequences. Any attempts to log in to the network as a system administrator will result in disciplinary consequences.

5) *Vandalism* - Vandalism will result in disciplinary consequences and may be reported to the authorities. Vandalism is defined as any malicious attempt to harm or destroy data of another user. Vandalism includes the defacing or destruction of any computer hardware or software contained within the district. This also includes, but is not limited to, the uploading or creation of computer viruses.

6) *Commerce* - It is possible for students to **purchase goods and services** via the Internet, and that these purchases could potentially result in unwanted financial obligations. Any purchasing of goods and/or services via the Internet is strictly prohibited on the ASD network.

7) *The ASD will not be held liable for:*

- Information stored on school district diskettes, hard drives, flash drives or servers
- Information retrieved through the school district computers, networks, or online resources
- Personal property used to access school district computers, networks, or online resources
- Financial obligations resulting from use of the ASD network.
- Illegal Activity
- Technology support or maintenance of personal devices

8) *Intellectual property* - All information and/or material created with or placed on the ASD network or ASD computers becomes district property, and the district reserves all rights to any material stored in

files which are generally accessible to others. The district will remove from the network any material, which the district, in its discretion, believes may be unlawful, obscene, pornographic, abusive or otherwise objectionable.

9) *Downloads* - The ASD's Technology Coordinator must approve downloading any material.

Downloading music files, video files, mp3 files, or any files related thereto is strictly prohibited. Your user account will be disabled. Files as mentioned above use great amounts of bandwidth and slow other network and Internet procedures down dramatically.

10) *Electronic Devices*

Educational

Student use of electronic devices which are used for instructional or educational purposes may be used in classes with the teacher's prior permission. Classroom teachers will decide what devices may be used, when they may be used, and how they may be used in the classroom. Students may not use any of these devices for recording purposes. Students who use such devices for entertainment or communication purposes or in any non-educational manner will have the device confiscated and held in the office until a parent picks up the device or the student completes the discipline assigned. Educational devices include, but are not limited to, laptops, (smart) phones, and calculators. ASD is not responsible for any educational electronic device brought to school by a student.

Entertainment

Students may only use electronic devices for entertainment purposes on school property with the explicit permission from a staff or faculty member. Devices may be prohibited at the discretion of an administrator or teachers. ASD is not responsible for any personal electronic entertainment devices that may be damaged or stolen. Entertainment devices include, but are not limited to, headsets/earphones, MP3 players, Gameboys, and video games.

11) *Google Apps in Educational Applications* - ASD is offering users a free, educational suite of applications to enhance teaching and learning. Google Apps introduces a concept known as "cloud computing", where services and storage are provided over the Internet. ASD is providing users with Google Message Security. This service provides System Administrators with the capability to limit messages based on their origin, their destination, or their content. ASD will use this technology protection measure to block or filter, to the extent practicable, access of visual depictions that are obscene, pornographic, and/or harmful to minors over the network.

In order for users to gain access to Gmail and his/her Educational Google Applications account on the Internet, ASD must obtain parental permission for anyone under 18 years of age. Students 18 years and older are also required to acknowledge and accept ASD's terms and conditions prior to obtaining access

to technology within our schools. Under both circumstances, this may be accomplished by completing an AUP form (attached).

12) *Student Email (ASDlopes.org)* - Access to and use of student email is considered a privilege afforded at the discretion of the ASD. Students should expect email to be subject to monitoring at all times and should not expect any email to be private. The district maintains the right to immediately withdraw the access and use of student email when there is reason to believe that violations of law or district policies have occurred. ASD uses a closed network email system (mail can only come from certain educationally oriented domains). Parents are encouraged to log on to a student's email to view their correspondence and files.

Student email accounts are to be used for the following purposes only:

- Teacher-student correspondence.
- Accessing/submitting classroom assignments or materials.
- Accounts for classroom web-based tools, such as blogs, wikis, etc.
- Correspondence with students/partners in collaborative class activities.

Students may not use email accounts for:

- Unauthorized personal communication.
- Bullying or harassment of other students and/or staff.
- Forwarding of chain email, spam, or commercial content.
- Sending inappropriate content or language.

If you have any questions please contact your school's office.

Bring Your Own Technology Policy

1.) Though it is strongly discouraged, students may bring personal electronic devices to school if they choose. These devices may include, but are not limited to, phones, iPads, non-school issued laptops, etc. The school is not responsible or liable for lost, broken, damaged, or stolen devices nor are they responsible for charges incurred by students on their personal technological devices.

- a. The student takes full responsibility for his or her technology device and brings it to school at his or her own risk. The school is not responsible for the security and maintenance of student-owned technology. If a student's personal device is lost or stolen, the school administration will conduct an investigation within a reasonable

amount of time. Law enforcement will be informed if an administrator determines it necessary to do so.

- b. Charges incurred by students for downloading apps or for use of a personal data plan are the sole responsibility of the student and/or the parents/guardians of the student.

2.) Students are responsible for maintaining and supporting their own devices. District employees are not permitted to assist students by attempting to fix a broken, personal electronic device.

3.) Students who bring personal electronic devices to school are advised to purchase and use their own combination lock for their locker (combination locks are not sold at school). This enables the student to safely store his/her device when they are not permitted to use it. It is advised that combinations to all student locks are provided to the student's homeroom teacher.

4.) Students are only permitted to use personal electronic devices during class time with teacher permission. Teachers will determine when the use of technology is appropriate for use in their individual classrooms.

- a. If a student chooses to bring a personal device to class, the teacher may request that the device be stored in a designated area during class time. The district is not responsible for any loss or damage to a personal device stored in such an area. The student is expected to comply with classroom rules and the inability to do so may result in disciplinary action.
- b. Any cheating through the use of a personal electronic device is prohibited. Consequences follow the Avonworth School District's policy outlined in the Student Handbook and Discipline Code.

5.) Students are not permitted to use personal electronic devices at the following times and/or in the following locations: during any state testing windows (i.e. PSSAs or Keystone Exams), in the locker rooms, and the restrooms. These areas will be labeled as "No Tech Zones." Additions/revisions to this list may occur during the school year, should the need arise.

6.) Students must keep their personal electronic devices on MUTE. Phone calls and text messages should not interrupt classroom instruction, are not appropriate, and will not be accepted.

- a. Any message that needs to be delivered to a student by a parent/guardian/family member should go through the school office. Please refrain from calling/texting your child during the school day, as this is a disruption to the instruction taking place in the classroom.
- b. Consequences for the disruption of class due to phone calls, text messages, or other means related to the use of an electronic device are:

1st Offense – Electronic device is turned off and warning is issued by the teacher.

2nd Offense – Electronic device is turned in to the teacher who takes it to the office for the student to retrieve at the conclusion of the school day.

Additional offenses – A referral is made to the office for an Acceptable Use Violation.

7.) Students who do not own, or are not permitted to bring their own electronic devices to school will not be excluded from educational activities within the classroom. The school district provides technology that students may use during the school day, at teacher discretion.

8.) Students are not permitted to share personal technological devices with other students. Only the owner of a device has the right to use the device in the school setting. The owner of the device is responsible for the device at all times.

If a student is found to be in possession of a device that is not their own, they may face consequences for theft according to the Avonworth School District's policy outlined in the Student Handbook and Discipline Code.

9.) There is absolutely no tolerance for photography and video recording with the use of the personal electronic devices.

a. Outside of a teacher-approved class project or assignment, students may not take photographs or video of themselves, other students, or any district employee. This is highly inappropriate, and will not be tolerated. Any student who is guilty of taking photographs or video will face disciplinary action.

b. Students who post photographs or videos of other students and/or district employees taken during the school day on the internet, including social media sites, ~~before, during, or after school hours~~, without teacher permission or for non-educational purposes, will immediately receive disciplinary consequences. Additional consequences may apply at the discretion of the building administrator.

c. Students using technology for gaming purposes that are not educational will face disciplinary consequences. Games/Apps that are educationally appropriate are permissible, but may only be accessed when teacher approval is given.

10.) Students are expected to responsibly use their device when accessing information via the Internet, apps, or other electronic means.

- a. The student may not use social media on their personal electronic devices during the school day, unless for educational purposes per teacher discretion.
- b. Cyberbullying and cyberbaiting will not be tolerated during the school day. Consequences follow the Avonworth School District’s policy outlined in the Student Handbook and Discipline Code.
- c. The student understands that bringing on premises or infecting the network with a Virus, Trojan, or program designed to damage, alter, destroy, or provide access to unauthorized data or information is in violation of the AUP policy and will result in disciplinary actions.
- d. The student realizes that processing or accessing information on school property related to “hacking”, altering, or bypassing network security policies is in violation of the AUP policy and will result in disciplinary actions.

11.) A student does not have the right to use his or her private laptop, cell phone or other electronic device while at school. Student participation in B. Y. O. T. is a privilege which can be lost due to irresponsible use. The district reserves the right to confiscate such a device at any time to be returned to the student or a parent/guardian at the discretion of district staff.

- a. Students are only permitted to use electronic devices with teacher permission and for educational purposes. If a teacher suspects that a device is not being used appropriately for educational purposes, consequences will follow as such:

1st Offense – Electronic device is turned off and warning is issued by the teacher.

2nd Offense – Electronic device is turned in to the teacher who takes it to the office for the student to retrieve at the conclusion of the school day.

Additional Offenses – A referral is made to the office for an Acceptable Use Violation.

- b. Students who lose B. Y. O. T. privileges may still use their district issued device at the discretion of district staff.

* Administrative discretion will be used for any issue that arises which is not covered under these guidelines, and discipline will be determined on a case by case basis.

Student Device User Agreement

The purpose of this document is to delineate the terms and responsibilities for families taking possession of an AVONWORTH SCHOOL DISTRICT issued device. Although families will take temporary possession of the device, the device remains the property of the AVONWORTH SCHOOL DISTRICT. All equipment must be returned or made available to AVONWORTH SCHOOL DISTRICT upon the student's separation from AVONWORTH SCHOOL DISTRICT, either by graduation, withdrawal, or at the request of AVONWORTH SCHOOL DISTRICT Administration. The option to purchase insurance for the device will be made available annually, at the beginning of the school year, through the District.

Students in the AVONWORTH SCHOOL DISTRICT are being provided access to technology for educational purposes. Students must follow the AVONWORTH SCHOOL DISTRICT *Code of Conduct* and *Acceptable Use Policy* for responsible use of technology in order to maintain the privilege of accessing such technology. The student and parent/guardian(s) will be responsible for taking the necessary precautions to safeguard the device. If the AVONWORTH SCHOOL DISTRICT determines that loss and/or damage is the result of negligence, the parent/guardian(s) may be held financially responsible for the repair or replacement of the device. AVONWORTH SCHOOL DISTRICT reserves the rights to review, monitor, and restrict information stored on or transmitted via the AVONWORTH SCHOOL DISTRICT owned device and to investigate inappropriate use of resources. The District will provide filtered Internet access to its students in compliance with the Children's Internet Protection Act. Students will be educated in the proper use of the device and options for data storage.

This information is provided to make all users aware of the responsibilities associated with efficient, ethical, and lawful use of the District's technological resources. If a student violates the AVONWORTH SCHOOL DISTRICT *Code of Conduct* or Responsible Use Policy, privileges may be denied and appropriate disciplinary action shall be applied. Violations may result in disciplinary actions up to and including suspension/expulsion for students. When applicable, law enforcement agencies may be involved.

The Student and Parent/Guardian signature signifies that the student will:

- Use the device in a responsible and ethical manner that upholds the standards of AVONWORTH SCHOOL DISTRICT.
- Understand that the device is at all times the property of the AVONWORTH SCHOOL DISTRICT.
- Not uninstall, disable and/or modify any hardware or software installed on the device or install new or additional programs on the device.
- Not permit individuals, other than AVONWORTH SCHOOL DISTRICT administrators or authorized AVONWORTH SCHOOL DISTRICT IT Department personnel, to access, repair or service the device.
- Adhere to the AVONWORTH SCHOOL DISTRICT Acceptable Use Policy found in the *Code of Conduct*. Devices used off school property are subject to all applicable AVONWORTH SCHOOL DISTRICT Board Policies, rules, and regulations.

- Understand the device will not be used for personal and/or private purposes and is to be used for the student’s educational use and school responsibilities.
- Report loss and/or damage of the device to the AVONWORTH SCHOOL DISTRICT IT Department. If the loss and/or damage is a result of negligence, the student/parent(s) or guardian(s) may be held financially responsible.
- Adhere to this Student Device User Agreement in the event the student is issued a “loaner” device during service.
- Notify the administration immediately if a student should receive an electronic communication containing materials that may be unlawful, inappropriate, affected by a virus, and/or a potential violation of the *Code of Conduct*.
- Not share login credentials and log off and secure their device to protect their work and information.
- Have a fully charged device prior to the start of the school day.

Attendance, Academics & Athletics

The parent or guardian of the student is totally responsible for the attendance and actions of their child while enrolled in the Avonworth School District. A student will not be released from the school without communication with a parent or approved guardian.

Student attendance and participation in a class is crucial to the learning process. Attendance and tardy patterns are very important parts of a student's permanent record. Parents/Students will be notified by letter or by deficiency notice if the student establishes a pattern of absences, cuts or tardies that could lead to a failing grade under the school policy.

Attendance Policy

In Pennsylvania, school attendance is mandatory for students between the ages of 6 and 17 through state law and school district policy. When a student misses school, they must bring a written note from a parent/guardian or medical professional within 3 days of their return to school. A note is needed even if a call was made to the school to report an absence and should include the student's name, the dates of the absences and reason for the absences.

If a written excuse is not turned in within 3 days of student's return to school or the reason for the absence is not among the listed acceptable excuses, then the absence will be recorded as unexcused. By law, the school district must send a written notice home once a student accumulates 3 unexcused absences. If a student accumulates 6 unexcused absences, then they are considered, by law, to be habitually truant. A "Student Attendance Improvement Plan" must then be put into place that clearly outlines consequences for further absences. Consequences may include loss of credit or a citation to the magistrate.

According to Avonworth School Board Policy 204, once a student accumulates 10 absences (whether they are excused or unexcused), medical excuses should be sent for any further absences. If a student will be missing school for a planned trip, an approved absence form should be completed and turned in to the main office BEFORE they leave. Students must have a doctor's excuse upon return if he/she is out for more than three (3) consecutive days. If a note is not received within three days, all days out will be considered unexcused.

Every effort should be made to schedule medical or dental appointments, as well as driver's examinations, during non-school hours. If appointments must be made during school hours, the student must present a signed parental note (with phone number of where parents can be reached) prior to being excused. Students are responsible for all class work missed due to an appointment.

Absences, tardies or early dismissal are legally **excused**, as determined by the PA School Code, for the

following reasons:

- Personal: Student's own illness or quarantine; death in family
- Tutorial programs and/or counseling programs, which are not available in the school and which do not conflict with the regular school program.
- Observance of religious holidays.
- Educational tours and trips conducted under the supervision of an adult acceptable to superintendent/designees and to the parent or guardian.
- Suspension

With prior notification, the following will be acceptable for excused absences:

- Medical/dental appointments.
- Preplanned education tours or trips (including college visits). One (1) week advance notice is required. Educational Trip/Tour forms are available in each building office or on the district website.

Absences, tardies or early dismissal are legally **unexcused**, for the following reasons:

- Missed Bus
- Oversleeping/missed alarm
- Childcare for another sibling and/or family member
- Frequent/excessive transportation issues (transportation not provided by School District)

In case of absence, parents should notify the main office each morning for each day of the absence at 412-366-6360 (High School), 412-366-9650 (Middle School), 412 366-7170 (Elementary School) and 412-366-7171 (Primary Center). A written excuse should still follow when the student returns to school.

Appeals Process:

Students who have experienced extenuating circumstances can submit a written appeal to the Principal. The final decision will be made by the administration.

Attendance Procedure:

When students arrive in the morning, they are to go straight to their respective cafeteria, and then to their assigned rooms for attendance at the designated time. Attendance is taken each day for each course. Once a student enters the building, they are not to leave for any reason unless given specific permission from the administration.

High School: Students must be in their first period classroom by 8:00 am unless prior arrangements have been made with building administration. Students who arrive after 8:00 am must report to the

High School Office for a late admission slip. Students with four or more unexcused tardies will receive disciplinary action and/or loss of driving privileges. Excessive tardies may result in further intervention and/or citation to the magistrate.

Middle School: Students must arrive to class by 8:00 a.m. Students who arrive after 8:00 a.m. must report to the

Middle School Office for a late admission slip. Students with four or more unexcused tardies will receive disciplinary action and/or loss of driving privileges. Excessive tardies may result in further intervention and/or citation to the magistrate.

Elementary School: Students are permitted in the building at 8:30 and are late at 8:50 a.m. They are to report directly to their classrooms or to the cafeteria if they wish to purchase breakfast.

Primary Center: Students are permitted in the building at 8:35 and are late at 8:55 a.m.

Consequences for Unexcused Absences, Tardies, and Class Cuts at Middle and High Schools:

High School:

Students who have 8 or more unexcused absences for a semester course or 16 or more unexcused absences for a year-long course shall not receive credit for that course.

Students who have 4 unexcused tardies to school will receive an after-school detention. Students who have 5 unexcused tardies to school will receive a Saturday detention. Every 2 unexcused tardies after the 5th will result in an additional Saturday detention or further disciplinary action. 10 or more unexcused tardies in a semester may result in a referral to a community resource or the magistrate.

Middle School:

Students who have 16 or more unexcused absences for a year-long course or 4 or more unexcused absences for a quarter-long course shall not receive credit for that course.

In extenuating circumstances, a written appeal may be made to the building principal.

In the Middle School/High School, teachers will submit the name of any student with three or more tardies to class to the main office for disciplinary action after contacting the student's parent/guardian.

A student who cuts a class will be responsible for the information missed during the class. Each class cut will count toward a class period missed in the student's attendance record.

Additional violations may result in more stringent disciplinary action.

Truancy (Act 29):

Truancy is defined as the act of staying out of school without permission or excuse. Pennsylvania legislation Act 29 increased to \$300 the fine for truancy placed on parent and requires them to pay court costs or be sentenced to complete a parenting education program. Both the truant child and parents must appear at a hearing by the district justice. If the parents show that they took reasonable steps to ensure the attendance of the child, they will not be convicted of a summary offense. If the parents are not convicted and the child continues to be truant, the child can be fined up to \$300 or be assigned to an adjudication alternative program. The law also grants school attendance officers and home and school visitors arrest powers.

Act 29 also removes from truant juveniles, driving privileges for 90 days for a first offense and six months for a second, while juveniles who are unlicensed are prohibited from applying for a learner's permit for 90 days (first offense).

Dismissal Times:

Student dismissal times are as follows: High School: 2:55 pm

Middle School: 2:55 pm

Elementary School: 3:20 pm

Primary Center: 3:25 pm

Students are not permitted to leave the building once they have entered nor will loitering be permitted in the halls. Students must be in attendance 4-1/2 hours to be considered present for a full day. Anything less than 4-1/2 hours is considered a half-day attendance unless prior arrangements have been made with school administration.

Students requesting an early dismissal should stop in the main office when they arrive in the building to receive an early dismissal slip. No student may leave the building without written permission from parent/guardian. If it is necessary to be dismissed from school (other than a school related function), the student must have a written note that contains:

- Dismissal time
- Reason
- Parent phone number
- Parent signature*

*We may contact parent or guardian for verification.

Eligibility for Activity:

High School and Middle School students must be at school by 10:30 a.m. in order to participate in any extra- or co-curricular activity for that day. The only exceptions are with a doctor's excuse or a court

issued excuse. These excuses must be signed by the doctor or the officers of the court and presented to the main office upon arrival. If these procedures are not followed, participation in sports and activities will not be permitted that day or the following school day if the violation occurs on a Friday.

Enrollment:

Documentation establishing proof of residency is required for enrollment. New students enrolling in Avonworth School District must report to the guidance office and complete an enrollment packet. If the student is not living with his/her parents, an affidavit of residency will be required.

Under Pennsylvania's Act 26, prior to admission to the school district, the parent, guardian, or other person having control or charge of a student shall, upon registration for admission, provide sworn statement of affirmation stating whether the pupil was previously suspended or expelled from any public or private school of the Commonwealth or any other state for an act or offense involving weapons, alcohol or drugs or for the willful infliction of injury to another person or for any act of violence committed on school property. Such registration shall be maintained as part of the student's disciplinary record. Parents and guardians shall be advised that any willful false statement made under this section shall be a misdemeanor of the third degree.

When a student transfers to this school district, a certified copy of the student's disciplinary record shall be requested and obtained from the school entity from which the student is transferring. This record shall be maintained as part of the student's disciplinary record and shall be available for inspection as required by law. No child will be enrolled without a certificate of immunization.

Academics

Graduation Requirements:

All seniors must meet credit requirements listed in the Course Selection Book published each spring in order to be considered for participation in senior activities including, but not limited to, commencement.

Failure to meet the credit requirements established by the Avonworth Board of School Directors will result in a loss of these privileges.

Make-Up Work & Homework:

Students or parents are encouraged to request make-up work and homework when a student will be absent for an extended period of time. Requests should be made through students' respective Middle School or High School Counseling Offices or the main office in the Elementary School. A reasonable time to complete work will be given to the student. A failing grade on each assignment will result for work not completed to the teacher's specification within a reasonable time period. Number of days

permitted to make up work will be the same as number of days absent unless there are extenuating circumstances.

Students who are legally absent; who have been excused from class or are serving a suspension shall be given the opportunity to make up any and all tests.

Students who cut class or are illegally absent are responsible for information missed during the class and may not receive credit for work completed during that time.

Summer Work:

Summer work may be assigned to students. The goal of summer work is reading preparation, connection to class material and work that may enhance the learning anticipated in the school year ahead. All work assigned must be communicated with students via email and/or letter and must be accessible from the high school website. A timeline for the completion of summer work may be suggested, but no work may be required for turn-in prior to the first day of school.

Athletics and Co-Curriculars

Students are encouraged to participate in after-school athletics and co-curricular activities, to develop physical skills, sportsmanship, leadership qualities, and promote school spirit among the students and faculty. It is important, though, to recognize that participation in athletic competition and/or co-curricular activities is a privilege.

Students placed on the *Restriction List*, due to violations against the attendance or academic policies of the District will be ineligible to participate in athletics or co-curricular activities.

Students participating in PIAA sports shall adhere to PIAA rules in addition to District rules.

Attendance Eligibility:

In order to participate in any extracurricular activity or sport, students must have been in attendance in school **no later than 10:30 am for High School** and **10:30 am for Middle School** on the day of said activity. The only exceptions are physician or court issued excuses. These excuses must be signed by the physician or court officers and presented to the attendance secretary upon arrival. If these procedures are not followed, participation in sports and activities will not be permitted that day.

In cases of early dismissals, students must be attendance at least 4½ hours. Again, the only exceptions are physician or court issued excuses. These excuses must be signed by the physician or court officers and presented to the attendance secretary upon arrival. If these procedures are not followed, participation in sports and activities will not be permitted that day.

Attendance at funerals, college visitations by juniors or seniors, and school-sponsored field trips are permitted and will not affect a student's ability to participate in sports or activities, however, notification beforehand is required.

Academic Eligibility:

A student must pursue a curriculum defined and approved by the principal as a full-time student and must maintain acceptable grades in all classes in order to maintain eligibility. Eligibility is cumulative from the beginning of each grading period, and is reported on a weekly basis. In order to be eligible, a student cannot be failing more than one full-credit course at a time. A full-credit course is one that meets every day.

Teachers will conduct eligibility checks weekly and report any failures to the attendance secretary by 3:00 pm each Wednesday. Athletic coaches and activity sponsors will be notified of ineligible students and will be asked to notify parents and students regarding ineligibility status.

Ineligible students have until 3:00 pm on the Friday immediately preceding the Wednesday they were declared ineligible to take the measures necessary to bring any failing grades into passing status. Students must provide a written note from the teacher of the class they were failing, indicating that they have taken the proper measures to correct their failing grade, to the Principal, Athletic Director, or Coach by 3:00 pm on said Friday in order to participate on their team or activity. If the student is still failing more than one full-credit course by 3:00 pm Friday, he/she is deemed ineligible for the following week (Sunday through Saturday). This procedure is strictly followed; however, building principals will have final jurisdiction over any extraneous situations or circumstances.

Ineligible students must provide written notes from teachers of the classes they are failing, stating that they are taking the necessary measures to correct their failing grade, to their coaches/sponsors in order to practice with the team during the week of ineligibility.

When a student has four consecutive weeks of failure in more than one full-credit course, meaning that the student is ineligible for four consecutive weeks, said student will be declared ineligible (cannot practice or play) for the remainder of the athletic season/activity duration.

Withdrawal from courses resulting in a failing grade will count toward ineligibility status.

The student must not have failed more than one full-credit course, or the equivalent, the prior year or grading period. Back work may be made up, provided that it is done so in accordance with the rules of the school. In cases where a student's work in any preceding grading period does not meet the standards described above, the student shall be ineligible to participate in interscholastic athletics/extracurricular activities for the first 15 school days of the next grading period.

New students must meet eligibility requirements on curriculum. Students who are enrolled for the first

time must comply with the requirements of the curriculum rules. The standing required for the preceding grading period or previous year shall be obtained from the records of the last school that the student attended.

At the end of the school year, the student's final grades and credits in his/her subjects, rather than his/her grades and credits for the last grading period, shall be used to determine eligibility for the next grading period. Courses passed in summer school count towards eligibility reinstatement.

The building Principals will have final jurisdiction regarding eligibility questions.

Citizenship Eligibility:

Participation in athletic competition and/or extra-curricular activities is a privilege. It is expected that students will be positive role models and examples of good behavior. Expectations and consequences regarding student conduct are detailed in this, the Student/Parent Handbook.

The building principal, head coach, or sponsor has the authority to deny a student's right to practice, play, or participate in activities for actions unbecoming an Avonworth student.

Students suspended in school or out of school for disciplinary infractions will not participate in or attend practice, games, or activities during the time of the suspension. Students failing to serve detention or Saturday detention are placed on the Restriction List and are then not eligible to participate until the detention or Saturday detention is served.

Concussion/Traumatic Brain Injury Report:

Each school year, prior to participation in an athletic activity, every student athlete and his/her parent/guardian shall sign and return the acknowledgment of receipt and review of the Concessional Traumatic Brain Injury Information Sheet. (Board Policy 122).

Expectations & Rules

Cafeteria Rules

The cafeterias of the Avonworth School District strive to offer a quality breakfast and lunch program for our students. Students must eat lunches in the cafeteria. No students are permitted to leave the building for lunch.

The following rules must be followed when students are in the cafeteria:

1. Food and drinks are not to be taken from the cafeteria.
2. Students are asked to refrain from loud talking or yelling while in the cafeteria.
3. Students are not permitted to cut serving lines.
4. Trash is to be deposited in the proper receptacles. Trays, silver, and dishes are to be returned to the proper collection area. Each student is responsible for the cleanliness of the area where they eat. Chairs should be placed back in the proper position before exiting.
5. Throwing objects or engaging in food fights is unacceptable behavior. After eating, students must remain in the cafeteria area until the end of the lunch period.
6. Students not following cafeteria rules may be assigned to an alternative lunch program.

Cheating

Any student caught cheating on a test or assignment will receive a grade of “zero” for that test or assignment. Details of the incident will be submitted by the teacher to the administration. Parents will be notified. Disciplinary action will be taken.

Classrooms & Hallways

The classroom teacher is in control in their classroom and has a right, and expectation, and a duty to establish clear rules and expectations for proper student conduct. Failure to follow specific directions from a classroom teacher on student conduct will result in detention with the teacher and/or administrative disciplinary action. Repeated incidents will result in removal from the class for a period of time to be determined by the Administration.

Disrespectful language or behavior will not be tolerated.

Any action that interferes with the education or safety of fellow students will not be tolerated.

Class Cuts

See Attendance Policy.

Computer Use

All students and parents must sign off on a separate Acceptable Use of Computer Agreement form each year, outlining in further detail the rules of computer use at Avonworth. Failure to return such form will result in loss of computer privileges. Computer misuse will result in disciplinary action.

Information and programs stored on Avonworth computers, storage systems, or peripherals are the private property of the individual creator of Avonworth School District, and shall not be duplicated.

Distribution and/or Posting of Materials

Students wishing to distribute and/or post non-school materials must receive approval by the building principal one (1) school day in advance of distributing or posting the material. Materials will be dated upon approval, and the district may remove them within 10 days. Students violating this policy are subject to disciplinary action.

Dress Code

The Dress Code Policy is intended to support the creation of an educational environment promoting self-respect and appropriate exposure while not inhibiting self-expression. Faculty and administration have the right to question a student's dress if perceived as inappropriate and/or offensive. Parents will be notified and be required to bring a change of clothing if the student cannot make adequate adjustments. Classes missed by the student as a result of the dress code violation will count against the school's attendance/discipline policy.

Students are not permitted to wear hats, caps or sunglasses in the building during the school day. No clothing, including coats, which interferes with the function of the class is to be worn.

Clothing that is obscene and vulgar or promotes the use of illegal substances (alcohol, drugs, tobacco, guns and/or gangs/violence) sexual innuendo or discrimination may not be worn.

No spaghetti straps or tank tops are permitted. Tops exposing the chest or a bare midriff are not permitted and must be able to meet the top of the student's pants, shorts or skirt while standing up. Shorts and skirts must be of a length that does not expose the buttocks. Pants, shorts and skirts may not have excessive tears and rips that expose skin.

It is strongly suggested that students not wear flip-flops. Slippers are not permitted to be worn. Flip-flops and slippers are unsafe footwear for the halls, stairs, buses, and playground.

Field Trips

If a student requires medicine during the school day, it is required that a school nurse attend the field trip or the student must take the required medicine prior to leaving school for the field trip.

Students and chaperones attending overnight field trips are subject to bag searches prior to leaving and may include a search completed by the K-9 unit. Students and chaperones may not bring baked goods on any field trips. All food and drink items must be factory sealed.

Freedom of Speech and Expression: Student Right to

The District considers freedom of expression a fundamental right. Avonworth School District follows the Tinker vs. Des Moines Independent Community School District, 393 U. S. 502 (1969) standard in that student expression may be regulated only where it substantially disrupts school operations or interferes with the rights of others or if it creates a realistic threat of such disruption. Profane speech and lewd conduct are prohibited, due to their disruptive impact and the school's interest in teaching appropriate behavior (see Board policy #220 for a complete list). The district reserves the right to discipline students for unprotected expression. Students engaging in unprotected expression that occurs off campus and away from school functions can be disciplined when there is a nexus between the unprotected expression and a substantial and material disruption of the school program.

Gambling

Any form of gambling is prohibited. Money or materials will be confiscated. Appropriate discipline will be assigned, including, but not limited to, the assignment of a Saturday detention in Middle School/High School for a first offense.

Hazing

Hazing of any student, on or off school property, as it relates to school sponsored activities is prohibited and will be dealt with immediately. Those involved in such acts will be suspended out-of-school for a minimum of three (3) days. They may also face a Board hearing for possible expulsion proceedings as well as face charges filed with the local police department.

Library

The library staff works hard to make the library materials accessible and to assist all students, faculty members and school staff with research, reading enrichment and personal development. The library is appropriate for quiet study; students who are noisy or disturb others may be asked to leave.

Each student is expected to observe the rules for signing out and returning books and magazines, and for the use of other library materials. It is expected that books, magazines or material taken from the library are to be signed out at the circulation desk even if they are to be used for part of a school period. If the materials are taken without being signed out, they are considered stolen and students caught stealing library materials will be disciplined. A fee will be charged for each book not returned by the end of the school year. Additionally, any theft or damage done to materials or furniture in the library will be met with charges for restitution and disciplinary action.

Student's records will be withheld until their fines are paid unless special arrangements have been made with the librarian and/or building principal.

Lockers

Students shall not expect privacy regarding items placed in school lockers. The Avonworth School District will not be held responsible for articles missing or destroyed in/from a student's locker.

The administration reserves the right to open and search lockers in case of an emergency or reasonable suspicion. School officials may conduct random, periodic sweeping searches, including canine drug searches of all lockers.

The main office will assign lockers only to students in their first period class/homeroom after the students have signed the locker permission form. Only books and clothing should be left in the lockers. No trash is to be stored in lockers. Accumulation of trash will result in a loss of locker privileges. For health reasons, gym clothes should be taken home at the end of the day.

The administration will not tolerate entering, destroying or stealing from lockers. Any student entering a locker, other than their own, destroying locker contents and/or stealing will be prosecuted to the fullest limit of the law. Action will be taken by the administration through the local police department.

In the event a lock has to be "cut", the student is to obtain permission from the administration at the respective main office.

Media

Throughout the school year, the news media may have an occasion to visit the building. They may ask students questions or take pictures or a video of the school for their use. If a parent or guardian does not

want their son or daughter involved with the media, a letter must be sent to the building principal requesting that this not occur. If a letter is not received, it will be assumed that this will not be a problem and permission therefore will be granted.

Off-Campus Activities

School district policy shall also apply to student conduct that occurs off school property and would violate the Code of Student Conduct if:

1. There is a nexus between the proximity or timing of the conduct in relation to the student's attendance at school or school-sponsored activities.
2. The student is a member of an extracurricular activity and has been notified that particular off-

campus conduct could result in exclusion from such activities.

3. Student expression or conduct materially and substantially disrupts the operations of the school, or the administration reasonably anticipates that the expression or conduct is likely to materially and substantially disrupt the operations of the school.

4. The conduct has a direct nexus to attendance at school or a school-sponsored activity, such as an agreement to complete a transaction outside of school that would violate the Code of Student Conduct.

5. The conduct involves the theft or vandalism of school property.

On Campus Parking: Bicycles and Motor Vehicles

The Avonworth School District regards the student use of bicycles and motor vehicles for travel to and from school as a privilege for which full responsibility must be assumed by both the parents and the student. The use of such must follow the guidelines set by each building principal and in accordance with the rules of the district.

All rules of the Pennsylvania Vehicle Code will be enforced while vehicles are on school property. The parking privilege of any students may be withdrawn by the administration for violation of the rules or regulations established at the respective buildings. Additional disciplinary measures may be imposed upon the student who refuses to comply with building policies concerning driving to school. This may include the assistance of the local police department.

Parking in the middle school/high school lot is restricted to visitors, faculty, and staff. High school seniors are permitted to park by permit only in the designated student area. Underclassmen are to park in the stadium lot. No student is to park in the spaces designated for the handicapped, for visitors or for the staff. School officials may search a student vehicle on school property if they have a reason related to the health, safety, and/or welfare of students or staff, and to enforce school board policies and procedures. A student has the option to be present if his or her vehicle is searched.

Student drivers are responsible for all items in the vehicles they drive to and park on school property. Vehicles are subject to search by police canine units under the authority/supervision of school administration.

Sexual Harassment

Avonworth School District is committed to maintaining a learning environment that is free from sexual harassment. Please refer to guidelines in Board Policy 248.

Student Driving

At the High School level, if students drive themselves anywhere while on school time, the following must be secured by the principal and available on file in the principal's office:

- Administrative permission.
- Parental permission form.
- Forms indicating that the vehicles being driven are covered by automobile liability insurance currently in effect.

Student Injuries

If a student is injured during the school day, the school nurse will be notified to provide treatment and make decisions about the medical care of a student. If the school nurse is out of the building, a nurse in another building will be notified and/or an Emergency Medical Team will be called for assistance.

Student Privileges

If appropriate, the administration may revoke some or all of the following student privileges: parking in school lots, hall passes, use of student restrooms, participation in activities (includes, but is not limited to dances, athletic events, field trips, performances, co-curricular clubs and sports, homecoming and prom).

Student Rights and Responsibilities

The Board has the authority and responsibility to establish reasonable rules and regulations for the conduct and deportment of district students. At the same time, no student shall be deprived of equal treatment and equal access to the educational program, due process, a presumption of innocence, and free expression and association, in accordance with Board policy and school rules.

Study Halls

Study halls are designed to help students structure their time. The following rules apply:

- The period must be devoted to academic work.
- Quiet study conditions must prevail at all times. Noise and disruptions will result in disciplinary action.
- Any student who needs to study in another place (computer room, library) must have a note from the teacher who gave the assignment.
- Students who report to the Collaboration Center during this time must sign in.
- No food or drink

Tardy to School or Class

A student is considered tardy to class if he or she arrives to class after the start of class. Refer to attendance policy.

Unassigned Class Time - "Personalized Learning Time"

The expanded schedule of classes provides mods per week which are free of any assignment for some students. These are independent study mods. They present a challenge, as it is the student's responsibility to use them to personal advantage. Those who wish to get the most from the school day will develop a self-tailored study plan. Students may be assigned to a resource center or classroom in lieu of unscheduled mods in a student's schedule.

During these times, students are only permitted to be in the Collaboration Center, Lopes Lounge, Cafeteria or working with a teacher in a classroom. Students should not be roaming hallways, moving locations excessively or disrupting the instruction of teachers in any part of the building, including middle school and gymnasiums. In the case of an emergency, students must report to the closest office personnel or Librarian upon evacuation of the building. Teachers are responsible for reporting extra students during these situations.

General Information

Complaints

The Avonworth teachers are always the first lines of contact for the parents concerned about their student or programs. Parents and guardians are encouraged to call or email their student's teacher first if there are issues to be discussed concerning the classroom. If satisfaction is not reached, then parents are to contact the building principal. If still not satisfied, the parent is encouraged to then contact either the Director of Student Services or the Superintendent. As the last resort, the Board of School Directors will hear complaints, upon prior permission from the Board President to address the Board at large in executive session.

Financial Obligations

The District believes that students must respect property and develop feelings of pride in community institutions. The school issues books needed for particular courses of study, a locker for books, and extra articles of clothing (sports). It is the student's duty to take care of all these loaned items. Any destruction, accidental or intentional, must be paid for at the at the respective school main offices.

Additionally, all fines for violations of the Tobacco Policy must be paid in a timely manner.

The secretary will give the student a receipt for all paid debts and fines. Quarterly report cards may be withheld for any student who fails to pay their fine or debts incurred for damaged or lost items. Subsequently, charges could be filed with the local magistrate for unpaid debts or fines.

Legal Notification (PA Act 30)

Act 30, passed by the Pennsylvania legislature; requires the court judicial system, through the juvenile probation department, to provide to school administrators information concerning the adjudication

of an enrolled child. Such reports include a description of delinquent acts committed by the student, disposition of the case, probation or treatment reports, prior delinquent history, the established supervision plan and any other information deemed necessary. The building principal is required to share the information with the child's teacher or teachers or the principal of another school to which the child may transfer.

Medication

The Avonworth School District recognizes the need for medications to be provided to students when prescribed by a practicing physician. To avoid any possible misinterpretation of this need, the following provisions shall be followed:

- All medications should be given by the parent whenever possible.
- It is the parent's responsibility to inform the school of any medication that must be brought to or taken in school.
- School personnel in school may give prescription medication only when instruction for administration and possible side effects is on file with the school nurse. The parent shall be responsible for supplying the labeled medication in its original container. When the nurse is not available, the responsibility for such will be delegated by the building principal.

Personal Search

The Avonworth School District recognizes that all people want and expect the security and privacy of their persons, that there should be clear and good reason to violate this expectation, and that the violation should be as unobtrusive as possible to protect the safety and order of the schools.

Procedures to be followed are outlined in Pennsylvania Code Title 2, Chapter 12.14: Searches will be conducted when it can be determined through reliable information that a student had illegal material on school property or his or her person.

Snow Days, Emergencies, Cancellations, or Delays

The Avonworth School District utilizes a notification system, which allows us to reach parents, students, and staff members instantly via an automated telephone system. The District also urges parents to listen to or watch the following stations, rather than to call the school office: KDKA (1020AM), WTAE (1250AM), WPXI TV, WTAE TV for announcements of school closings or delays due to snow or inclement weather. Additionally, information will be posted on the school website, avonworth.k12.pa.us and social media.

Any parent who feels that local road conditions are not safe for travel should feel free to keep a child at home. Students may be excused from missing school in this circumstance, if approved by the building principal.

School Security

Avonworth School District maintains a safe environment for students, staff, and community. Security cameras are installed in public areas to alert administration of any potential misconduct. A School Resource Officer is on site frequently to address law enforcement and the D.A.R.E. program.

Outside doors, other than main entrances, should remain closed/locked during the school day. Visitors should enter only through main entrances.

Student Assistance Program

Student Assistance Program (SAP) assists district employees in identifying issues and providing help to students experiencing difficulties in learning and academic achievement.

Valuables

Students are cautioned not to bring large amounts of money or other personal valuables, including cell phones, to school. Students, not the school, are held responsible for the loss of their personal property. Do not leave any valuables in your locker.

Visitors

Students are not permitted to bring visitors without special permission from the building principal.
